BuildAbility (Mac/Win CD)

This program is for teachers to create stories and lessons for students with disabilities. Switch activated lessons for cause and effect, basic skills, vocabulary building, reading and curriculum knowledge with appropriate learning scaffolds. The use of graphics, text, speech and sounds are combined.

Press-to-Play Series: Single switch story scenes for cause/effect and choice making.

Titles include: **Zoo Speedy Animals Sports**

CircleTime Tales Deluxe (Mac/Win CD)

Program uses three nursery rhymes to learn beginning literacy concepts. *Includes Eensy Weensy Spider, Mary Wore Her Red Dress and Five Little Ducks.* Press a switch to advance the rhyme.

Storytime Tales (Mac)

Use a single switch to turn the pages of these delightful stories and to have the story read to you. Includes *Forgetful's Secret, Dirty Duds* and *Bobby, Bobby, What Did You Do?* Children enjoy the repetitive lines.

Humpty Dumpty & Friends (Mac, Win)

Features characters from three popular children's nursery rhymes in entertaining cause and effect activities that introduce other learning concepts as well.

Eensy and Friends (Mac, Win)

Features characters from CircleTime Tales in cause/effect activities using directional concepts, counting and color identification.

Forgetful and Friends (Mac, Win)

Features characters from Storytime Tales in a variety of cause/effect activities.

UKANDU Little Books: Children create different stories by choosing words on the screen.

Teach Me to Talk (Mac/Win)

150 pictures are available that can be enhanced with music, animation and text to promote language development. The same pictures can then be used to create sentences.

Monkeys Jumping on the Bed (Mac/Win CD)

Pick the “just for fun” option (cause and effect) for maximum toddler control. Pick the activity and the number of choices to be displayed on the screen.

Old MacDonald’s Farm Deluxe (Mac/Win CD)

Choose a favorite farm animal interact in three barnyard scenes while the classic song is sung. A great program for playing with animal names and sounds.

Make it Go (Mac/Win CD)

Play Peek-a-Boo with a bear, find the dog or blow some bubbles in the air. The variety of songs and graphics keep the interest of young children.

Best of kidTECH (Mac/Win CD)

A variety of interactive animated songs, including: *Five Green and Speckled Frogs, I’m Bringing Home a Baby Bumble Bee*, etc.

Five Little Ducks (Mac/Win CD)

Children can interact with this favorite animated song of *Five Little Ducks Went Out To Play*.

Away We Ride (Mac/Win CD)

Use the “Just For Fun” (cause and effect) option to interact with six different songs about transportation: *Down By the Station, Row, Row, Row Your Boat*, etc.
